

BEVERAGE DISPENSING EQUIPMENT

BEER • SODA • WATER • WINE • COCKTAILS • COLD COFFEE

■ Terms & Conditions

Terms & Conditions

The CBS commitment:

Canadian Beverage Supply Inc. & Chill-Max Beverage Solutions Inc. have a sole commitment: your needs. We strive to provide the highest level of satisfaction, by taking a personal interest in your beverage dispensing needs. Our family of dedicated employees is anchored by years of experience, ready and able to offer solutions and ideas to your particular dispense application.

How to order:

Orders can be placed online, by phone or email. Please specify quantities, part numbers, and a short description for each item ordered. Method of payment: All orders will be shipped C.O.D. unless prior arrangements have been made with our credit department. C.O.D. orders can be paid with cash, certified cheque, money order, Visa, American Express, Debit Card and MasterCard. Sales taxes shall be in addition to prices quoted, where applicable. All goods are sold F.O.B. at our warehouse loading dock.

Manufacturer's warranty:

Canadian Beverage Supply Inc. & Chill-Max Beverage Solutions Inc. extend the manufacturer's warranty on all products to the original purchaser. Defective parts will be replaced on a no-charge basis, F.O.B. our warehouse and subject to inspection. The manufacturers are not responsible for parts damaged by alteration, unauthorized service, accident or abuse. All labor, freight and/or loss of sales costs are incidental to the warranties and must be borne by the purchaser. Shipping costs to and from our facility is to be paid by the purchaser.

Lost or damaged merchandise:

The responsibility of Canadian Beverage Supply Inc. & Chill-Max Beverage Solutions Inc. ceases upon acceptance of its products by the carrier. Any damage or loss sustained in shipment is the carrier's responsibility. If any items are damaged, do not accept the shipment unless the carrier makes a notation of this on the freight waybill. Immediately request an inspection and file a claim with the carrier.

Return of merchandise:

Do not return any merchandise without prior approval from Canadian Beverage Supply Inc. & Chill-Max Beverage Solutions Inc. Unauthorized return shipments will be refused. Return goods are subject to a minimum 15% handling and restocking charge when returned between 7-14 days from original purchase/ship date. Goods returned after 14 days from original purchase/ship date are subject to a 25% handling and restocking charge. Custom orders, cut tubing or trunkline and non-stock items are subject to 75-100% handling and restocking charges and CBS/Chill-Max reserves the right to refuse return. Freight charges must be prepaid on all return shipments.

It is the policy of Canadian Beverage Supply Inc. & Chill-Max Beverage Solutions LLC. to continuously upgrade the merchandise we sell. Therefore, we reserve the right to change items' specifications and pricing without notice.

Secondary Regulator Panels

Chill-Max Secondary Regulator Panels provide an all-in-one solution to keeping your cooler installs organized and professional. Loaded with convenient, innovative features and manufactured to the highest quality standards, Chill-Max Panels will exceed your expectations.

FEATURES

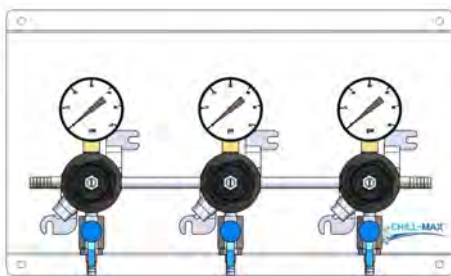

- Easy to Clean, Durable Powder Coated Panel
- 304SS Beer Fittings
- 1/4", 5/16", & 3/8" FOB Outlet Options
- Tamper Resistant Regulator
- Easily Add a Regulator to Create a Ganged Assembly

STANDARD COMPONENTS

- NSF Skip Bond Jumper Line Sets
- 1/4", 5/16", & 3/8" 304SS Barbed Tailpieces
- Stainless Steel Beer Nuts
- Neoprene Washers
- Gas Fittings to Connect to Adjacent Panels
- Gas & Beverage Lines Attached

OPTIONAL ADD-ONS

- Personalize Panel with your Company Logo
- Wall Bracket Fitting Kits
- 304SS FOB Detectors
- Beer Pumps & Reversal Valves
- SS Beer Manifolds
- FOB Drain Bottle Kits

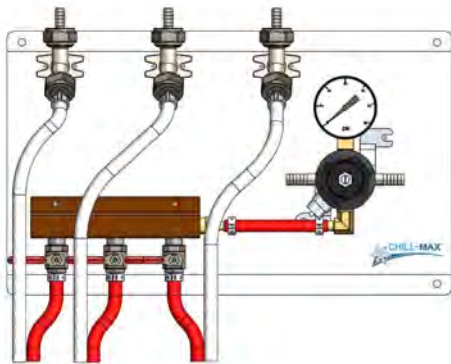

CO874003TFX

CHILL-MAX STANDARD REGULATOR PANEL

Product Code	Description
CO874001TFX	1 Pressure
CO874002TFX	2 Pressures
CO874003TFX	3 Pressures
CO874004TFX	4 Pressures

- No Tubing or Beer Fittings

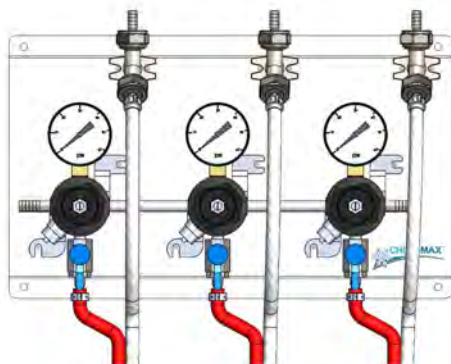

CO867013TF

CHILL-MAX GAS DISTRIBUTOR PANELS

Product Code	Description
CO867012TF	1 Pressure - 2 Products
CO867013TF	1 Pressure - 3 Products
CO867014TF	1 Pressure - 4 Products

- 6' Skip Bond Jumpers
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- 304SS Wall Brackets
- Gas & Beverage Lines Attached
- Gas Fittings to Connect to Adjacent Panels

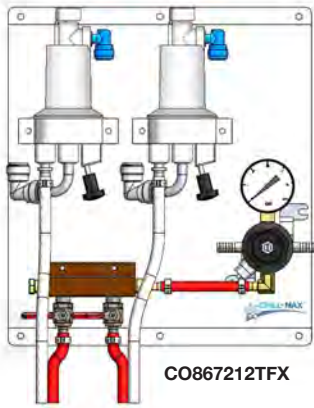

CO875003TF

CHILL-MAX DELUXE REGULATOR PANELS

Product Code	Description
CO875001TF	1 Pressure
CO875002TF	2 Pressures
CO875003TF	3 Pressures
CO875004TF	4 Pressures

- 6' Skip Bond Jumpers
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- 304SS Wall Brackets
- Gas & Beverage Lines Attached
- Gas Fittings to Connect to Adjacent Panels

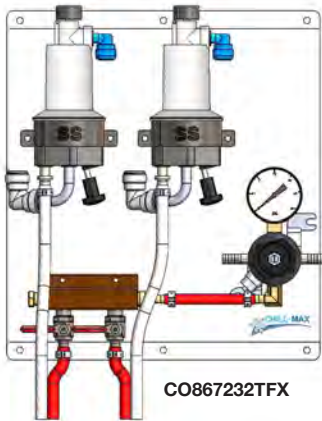

Chill-Max Panels

CHILL-MAX ACRYLIC FOB/GAS DISTRIBUTOR PANELS

Product Code	Description
CO867212TFX	1 Pressure / 2 Products; Tecflo Acrylic Smart FOB
CO867213TFX	1 Pressure / 3 Products; Tecflo Acrylic Smart FOB's
CO867214TFX	1 Pressure / 4 Products; Tecflo Acrylic Smart FOB's

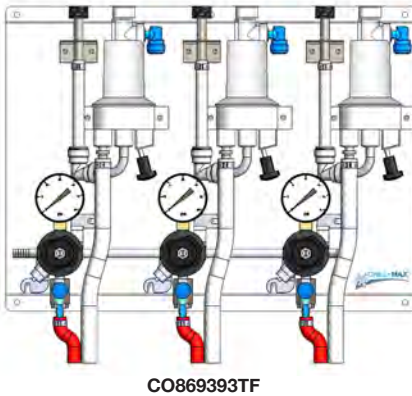

- 6' Skip Bond Jumpers
- Gas & Beverage Lines Attached
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- Gas Fittings to Connect to Adjacent Panels

CHILL-MAX STAINLESS STEEL FOB/GAS DISTRIBUTOR PANELS

Product Code	Description
CO867232TFX	1 Pressure / 2 Products; Tecflo SS Smart FOB
CO867233TFX	1 Pressure / 3 Products; Tecflo SS Smart FOB's
CO867234TFX	1 Pressure / 4 Products; Tecflo SS Smart FOB's

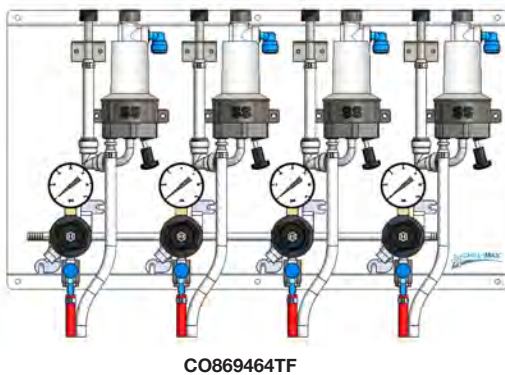

- 6' Skip Bond Jumpers
- Gas & Beverage Lines Attached
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- Gas Fittings to Connect to Adjacent Panels

CHILL-MAX REG/ACRYLIC FOB PANELS

Product Code	Description
CO869391TF	1 Pressure / 1 Product; Tecflo Acrylic Smart FOB
CO869392TF	2 Pressure / 2 Products; Tecflo Acrylic Smart FOB's
CO869393TF	3 Pressure / 3 Products; Tecflo Acrylic Smart FOB's
CO869394TF	4 Pressure / 4 Products; Tecflo Acrylic Smart FOB's

- 6' Skip Bond Jumpers
- Gas & Beverage Lines Attached
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- Gas Fittings to Connect to Adjacent Panels
- 304SS Wall Brackets

CHILL-MAX REG/STAINLESS STEEL FOB PANELS

Product Code	Description
CO869461TF	1 Pressure / 1 Product; Tecflo SS Smart FOB
CO869462TF	2 Pressure / 2 Products; Tecflo SS Smart FOB's
CO869463TF	3 Pressure / 3 Products; Tecflo SS Smart FOB's
CO869464TF	4 Pressure / 4 Products; Tecflo SS Smart FOB

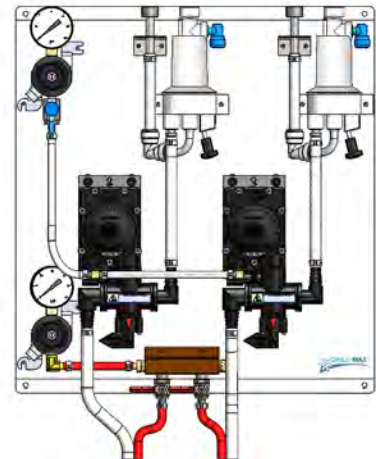

- 6' Skip Bond Jumpers
- Gas & Beverage Lines Attached
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- Gas Fittings to Connect to Adjacent Panels
- 304SS Wall Brackets

Beer Pump Panels

CHILL-MAX REG/ACRYLIC FOB BEER PUMP PANEL

Product Code	Description
CO869251TF-RX	1 Pressure / 1 Product; Tecflo Acrylic Smart FOB
CO869253TF-RX	1 Pressure / 2 Product; Tecflo Acrylic Smart FOB's
CO869256TF	1 Pressure / 1 Product; Tecflo Acrylic Smart FOB & Reversal Valve
CO869258TF	1 Pressure / 2 Product; Tecflo Acrylic Smart FOB's & Reversal Valves

- 6' Skip Bond Jumpers
- Tailpieces for 1/4", 5/6", & 3/8" ID Tubing
- 304SS Wall Brackets
- Gas & Beverage Lines Attached
- Gas Fittings to Connect to Adjacent Panels

Welcome to Design Central

Specializing in bespoke design, CBS & Chill-Max deliver on the promise of tailoring draught tower design to meet the needs of our customers, every time!

25+ years of experience creating innovative, high-quality products for the beverage dispense industry is what sets us apart. Our teams are driven to make a difference and deliver your vision on time and within budget.

Our experienced team of creative designers and talented craftsmen are ready to work with you through our 4D process - Dream, Design, Develop and Deliver - to turn your vision into reality.

From Concept to Completion

Create the “WOW” factor at the bar by choosing from a variety of draught tower options, or Dream, Design and Develop a unique, one of kind custom draught tower. Our custom solutions creative team will work side by side with you to Deliver a beautifully crafted tower that exceeds expectations.

Along the path we will establish the look you’re after and incorporate the use of graphic design software to produce digital mockups of that look.

Not sure what draught tower shape, size and color is right for the space? No worries, our industry experienced, creative solutions team is here to support you throughout the journey.

Once we land on the perfect design, CAD files will be created showing the tower layout and all dimensions. From here we tweak the design with any edits and establish production timelines and cost. Next step is your approval and the scheduling of production and delivery.

Custom Layouts

Are you working with a non-traditional or unique space that requires a bespoke tower design? We are well established and experienced working with one's imagination and the dream of creating something truly special. Your vision may be able to be built from standard modular pipe tower components and if not, we build custom parts to achieve the desired outcome. Anything is possible, you can hang a tower from the ceiling, turn a corner or design around architectural features. Let us get creative!

Suits Any Style

The draught tower is an integral part of the overall design. Not only do we want the draught tower to be the focal point of the bar, it needs to fit the interior design theme of the overall space. From Old World Pub to Minimal Modernist, Industrial to Eclectic, our team is here to help create a draught tower that aligns with your vision.

Custom Finishes to Enhance the Space

Brushed, polished, matte, satin powder-coated, hammered...

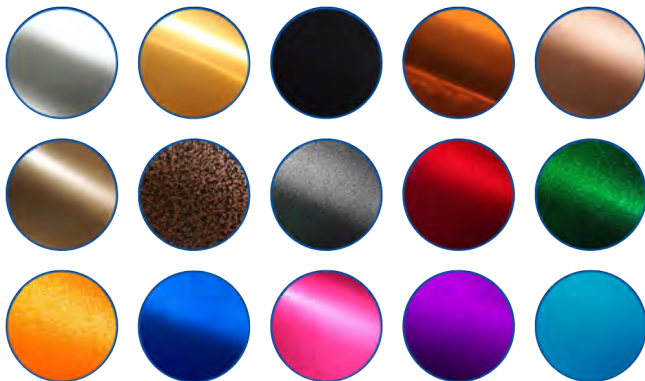

Draught towers are available in many materials and finishes. Create a unique atmosphere with an Industrial style tower or keep things modern with sleek Stainless Steel.

The only limit is your imagination! Standard finishes include Polished or Brushed Stainless Steel. Powder Coating is available in Matte, Satin, Translucent, Metallic, Vivid or Pastel.

You do not have to pick just one, why not mix and match? Choose a two-tone finish to make a statement. Have a specific finish or color in mind? Ask us about our ability to match a specific finish.

From configuration to finish, we will work with you to craft a draught tower that suits your style and needs. Are you ready to bring your vision to life?

Choose Your Finish:

Beverage System Key Parts & Components

Learn more about the key components that make up a state-of-the-art CBS & Chill-Max beverage dispense system.

- 1 Chill-Max Beverage Dispensing Tower, pg. 24-50**
Each tower is equipped with a Chill-Max Insert for optimal cooling & dispense.
- 2 Drip Tray, pg. 32; 51; 55**
Drip trays can be equipped with a glass rinsers to ensure proper pours.
- 3 Trunkline, pg. 20-21**
Insulated trunklines provide constant contact between cooling and beverage lines.
- 4 Secondary Regulator Panel w/ FOBs, pg. 6-8**
Ensure your kegs are pouring properly & minimize waste with Chill-Max Regulator Panels.
- 5 Power Pack, pg. 14-18**
Keep your lines cool with a properly vented glycol air-cooled power pack.
- 6 Gas Dispense System, pg. 11**
Creates optimal gas blend to pour your beverage properly.
- 7 CO2 Monitor, pg. 11**
Keep your employees safe by monitoring for the presence of CO2.

DRAUGHT TOWER COOLING CARTRIDGE

FOAM FREE TOWER COOLING SOLUTION

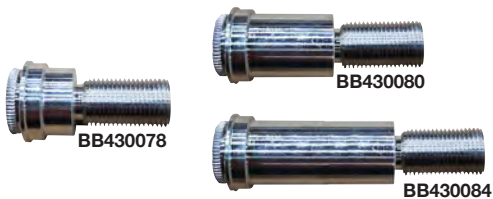

CBS & Chill-Max Draught Towers are equipped with an innovative cooling cartridge that keeps beverage lines cool and foam free.

Simplify draught tower installation & maintenance with a custom cartridge.

CHILL-MAX COOLING CARTRIDGE FEATURES

- 304SS Shanks, Tubes, & Faucets
- Air or Glycol Cooling
- Cold Core Technology
- Non-Toxic Recyclable Foam Clam Shells
- Hardened Aluminum Cold Blocks
- Available with 3" - 7" Faucet Centers
- Wall-Mount, Ceiling-Mount, & Counter-Mount Applications
- Custom Sizes & Layouts Available on Request

Fresh water, always on tap.

Keep fresh water flowing to your equipment, no matter your location. The Flojet Bottled Water system allows you to connect to and pump water seamlessly from packaged water bottles.

Mount your pump panel on the wall and plumb it to your coffee machine, bottle fill stations, or other kitchen equipment to ensure fresh, clean water is always available.

Refresh your system with CBS & Chill-Max. Call today for more information on water dispense solutions.

Special Event Dispense

304SS COILS

CBS 304SS Coils are continuously extruded, not welded, eliminating bacteria build up & extending coil life.

Combs separate SS tubes to allow water to circulate evenly throughout the coils.

Product Code	Description	Shape
CL106305	50' x 5/16" OD	Round
